Re: Request of AccessLine Holdings, Inc., AccessLine Communications Corporation, and Telanetix, Inc. for Special Temporary Authority for Approval of the Transfer of Control of an Authorized International and Domestic Carrier

Dear Ms. Dortch:

AccessLine Holdings, Inc. ("AccessLine"), AccessLine Communications Corporation ("ACC"), and Telanetix, Inc. ("Telanetix") (collectively, the "Applicants") through their undersigned counsel and pursuant to Section 214 of the Communications Act, as amended, 47 U.S.C. § 214, and Sections 63.04 and 63.24 of the Commission's Rules, 47 C.F.R. §§ 63.04, 63.24, respectfully request expedited Special Temporary Authority ("STA") for the approval for the transfer of control of ACC to Telanetix (the "Transaction"). Applicants respectfully request that the Commission grant this STA request as soon as possible, and not later than September 14, 2007, so that the transaction described below can close as scheduled.

As detailed in the underlying application filed concurrently herewith and attached hereto as Exhibit A (the "Application"), ACC holds international Section 214 authority

Ms. Marlene Dortch, Esq.

Page 2

and blanket domestic Section 214 authority. Pursuant to the proposed Transaction, a newly created subsidiary of Telanetix will merge with AccessLine, with AccessLine surviving. As a result, Telanetix will acquire direct control of AccessLine and indirect control of ACC.

The proposed transaction is scheduled to close on September 14, 2007, to ensure that existing customers of ACC will continue to enjoy uninterrupted service and that AccessLine will avoid financial insolvency. AccessLine has an \$8 million dollar debt obligation which will begin amortizing September 1. Each payment of approximately \$310,000 is due on the first of the month, and AccessLine is not currently able to make the second payment due October 1, unless the Transaction closes prior to that date. Therefore, in light of the substantial benefits that the Applicants expect from the proposed Transaction, as well as the financial hardship facing AccessLine, Applicants request special temporary authority so that the transaction may close on September 14,

Grant of the relief requested herein will enhance the ability of ACC to continue operations. After the final completion of the proposed Transaction, the existing management and operations staff will continue to oversee the day-to-day operations of ACC. Thus, ACC will continue to provide high quality and innovative communications services. The proposed Transaction will not impact ACC's customers but rather will allow Applicants to realize certain critical financial and operational benefits. In the long term, approval of the Transaction will permit Applicants to realize significant economic and marketing efficiencies and, as a result, compete more effectively. By enhancing ACC's economic position and its ability to continue providing high quality telecommunications services, the proposed Transaction will promote competition in the domestic and international telecommunications services marketplace and, thereby, benefit the public interest. Grant of the requested STA, therefore, will more quickly promote competition among carriers by enabling Applicants to significantly improve their financial condition. Accordingly, for both immediate and long-term compelling business reasons, the Applicants respectfully request an STA so that they may proceed to complete the proposed Transaction before September 14, 2007.

Accordingly, Applicants respectfully request grant of STA as soon as possible. Applicants acknowledge that grant of this request will not prejudice action by the Commission on the underlying Application and that any authority granted pursuant to this request is subject to cancellation or modification upon notice, but without a hearing.

Should you have any questions or require further information, please do not hesitate to contact the undersigned.

Ms. Marlene Dortch, Esq.
